Lemon Wraps - for that extra special occasion

Used in many fine dining restaurants, our elegant wraps keep pips off your food and prevent excess squirts of lemon juice. Available in white or yellow muslin fabric, your wrap is complemented with a ribbon tie in the colour of your choice. For extra special events, we offer wraps in white lace. Pick our elasticated lemon wedge bags, in either white or yellow muslin, for quarter lemons.

Palm Leaf - for eco-friendly food presentation

100% natural and non-toxic, our tableware is made from naturally fallen Indian palm leaves and is suitable for hot food and liquids. Almost 60 billion palm leaves fall to the ground in India every year, making this a plentiful and renewable resource. Turning the leaf into a plate, bowl or platter is a simple process. It is washed in locally sourced spring water and heat pressed into shape.

The palm fruit is edible and its leaves are completely harmless.
